CARRIE NATION

certainly smashed a hole in the bar-rooms of Kansas, but Ballard's Horehound Syrup has smashed all records as a cure for coughs, Bronchitis, Influenza and all pulmonary diseases. T. C. H., Horton, Kansas, writes: "I have never found a medicine that would cure a cough so quickly as Ballard's Horehound Syrup. I have used it for years." Sold by Palace Pharmacy.

"Black Chambers," champion lariat thrower of the world, will be with "The Cowpuncher."

If a cough gets into your system it acts on every muscle and fibre of the body and makes you ache all over. It especially affects the intestines and makes you constipated, so in order to get rid of a cold thoroughly and without delay you should not take anything that will tend to constipate. Kennedy's Laxative Cough Syrup acts upon the bowels and thereby drives the cold out of the system. It contains no opiates—it is pleasant to take and is highly recommended for children. Sold by Hanna's drug store, 228 Broad St.

Do you have headache occasionally, or "stitches" in the side, and sometimes do you feel all tired out, without ambition and without energy? If so, your kidneys are out of order. Take DeWitt's Kidney and Bladder Pills. They promptly relieve headache, weak back, inflammation of the bladder and weak kidneys. Sold by Hanna's drug store, 228 Broad St.

See Naquin's windows for prices.

When the Stomach, Heart or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is simply a makeshift. Get a prescription known to Druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample test sent on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test. Sold by Palace and Globe Pharmacies.

The Davis Calyx "Diamondless" Core Drill, which uses chilled shot costing under 10c per lb., in stead of diamonds. Will drill any ground. It does as much work in average ground and much more in soft ground than a diamond drill, and its first cost is less. It is made in several sizes, to run by hand, horse, gasoline, or steam power. Described in catalog G-91.

A still more important new thing is the Temple-Ingersoll Electric-Air Drill, run by compressed air, but still using electric power transmission; run by gasoline or steam power; uses 1-3 the power required for an air drill of equal capacity; no piping; no foundations. The Old Dominion uses one. Catalog G-20 tells of it.
